# RECTOR'S MESSAGE

Dear Graduates:

You are numbered among the five thousand graduates going out of Jesuit High Schools in the United States this year. You, along with all of them, have been trained to think and act with the Catholic Church and in the Catholic Church. These times of trouble and anguish, which the members of the church are experiencing at the hands of oppressors in many parts of the world, make a special demand on you. You are expected to be solid in faith, strong in virtue, and well equipped mentally, so that you can help to restore the world to Christ. In other words you are to be men of action. Little is accomplished by merely knowing and recognizing the truths you have been taught. You must put life into them. You must blend these truths into every phase of your living, if you are to fulfill your purpose as children of God and courageous citizens of your country. You must live a dynamic way of life, which is the Way of Christ. "I am the Way and the Truth and the Life." Put Christ into your lives. Follow Him and you will be leaders for good in your community, a credit to the Church, and worthy alumni of Gonzaga Preparatory School.

Best wishes and God's blessing on you,

FATHER TIMOTHY GLANCEY, S.J.

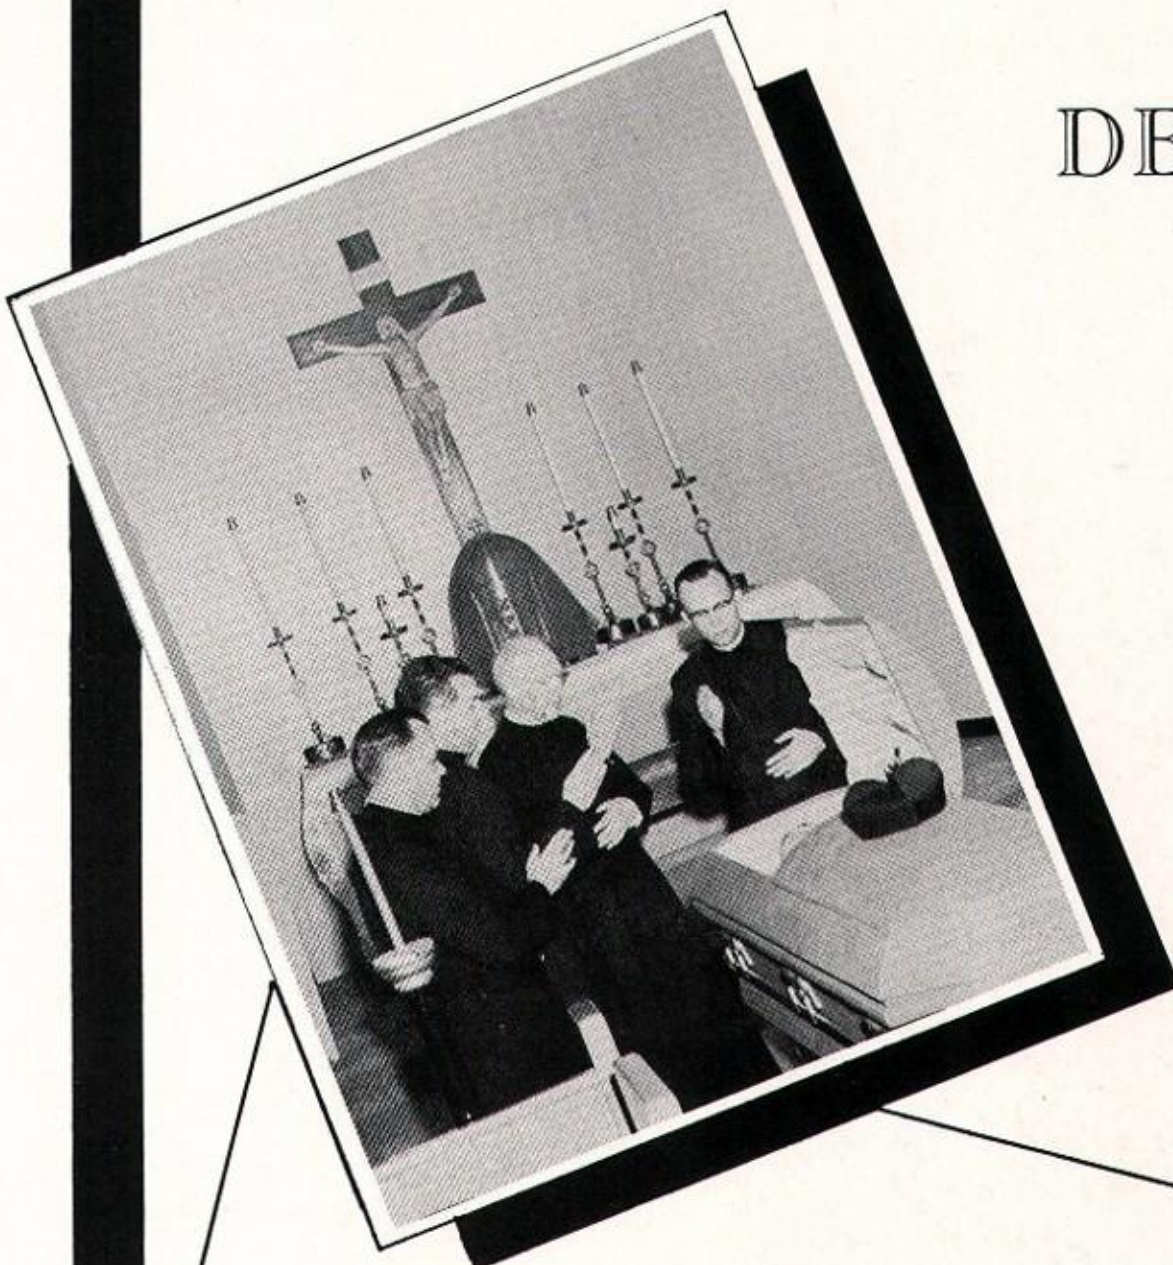

Born — 1897

Ordained — 1935

Died — 1956

## DEDICATION

*Leo Funch*

*Leo Funch*

To a priest, educator, and sportsman, the promulgator of true Gonzaga spirit, this LUIGIAN is respectfully dedicated. Father Glancey, a born optimist, praised the accomplishments of youth and shared in their problems. Through him, his students appreciated their talents and were not content until they had developed them fully.

Father gained the respect of intelligent men and the love of youth by his untiring search for good in others. He gave the best he had to every sport and activity. Father's favorite word was "spirit." He lived it, laughed it, and loved it. Even in his failing health, Father strove to create spirit in true Gonzaga men.

His life was an inspiration and his memories are everlasting.

**L**uigi Gonzaga was born on March 9, 1568, in the small Italian hillside village of Castiglione, of wealthy parentage.

**U**nder no external pressures, at the age of seventeen, he gave up his title and entered the Society of Jesus.

**I**n 1591, then only twenty-three years of age, he died of the plague ministering to the poor and sick of Rome.

**G**onzaga University was founded in Spokane, Washington, more than three hundred years later and named after him.

**I**n succeeding years the high school division of the University published a yearbook called the Luigian in honor of him.

The annual Knight Flight was held on December 7 in the Terrace Room of the Ridpath Hotel in honor of the football players. Don McNall and Karyn Boyce were crowned king and queen to highlight the very successful dance.

## BUSKIN

The Geneva Man makes his entrance.

Reviewing the Greek lines for their parts in OEDIPUS REX are, sitting: Ron Lavoie, Jerry Ignace, Bob Pearson. Standing: Dick Perry, John Nelson, Bill Hottell, Bill Tanksley, Tom Miller, Pete Bourbeau, Tom Rice.

The senior Greek Class, composed of eleven students, this spring put on Sophocles' play, "Oedipus the King," adapted by Mr. Baker, S.J.

The Greek Class deserves great praise for diligence and industry in putting on such a difficult play in the original Greek. As far as can be ascertained, it is unprecedented in the history of Northwest high schools that a group of high school students has staged a Greek tragedy in the original.

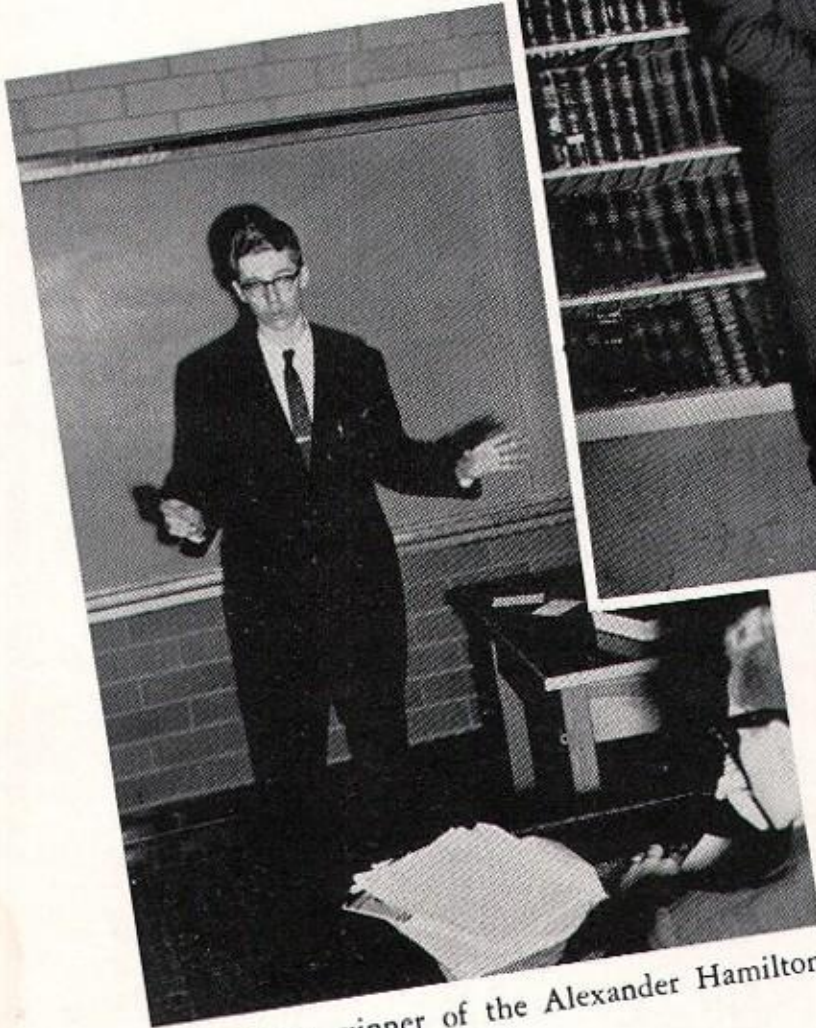

Those who had speaking parts in the play were: Tom Miller (Oedipus); Bob Pearson (Jocasta); Bill Tanksley (Creon); Bill Hottell (Teiresias); Tom Rice (Messenger); John Nelson (Herdsman) and Pete Bourbeau (Chorus Leader). The play centers around the tragic Oedipus who was fated by the gods to kill his father and marry his mother.

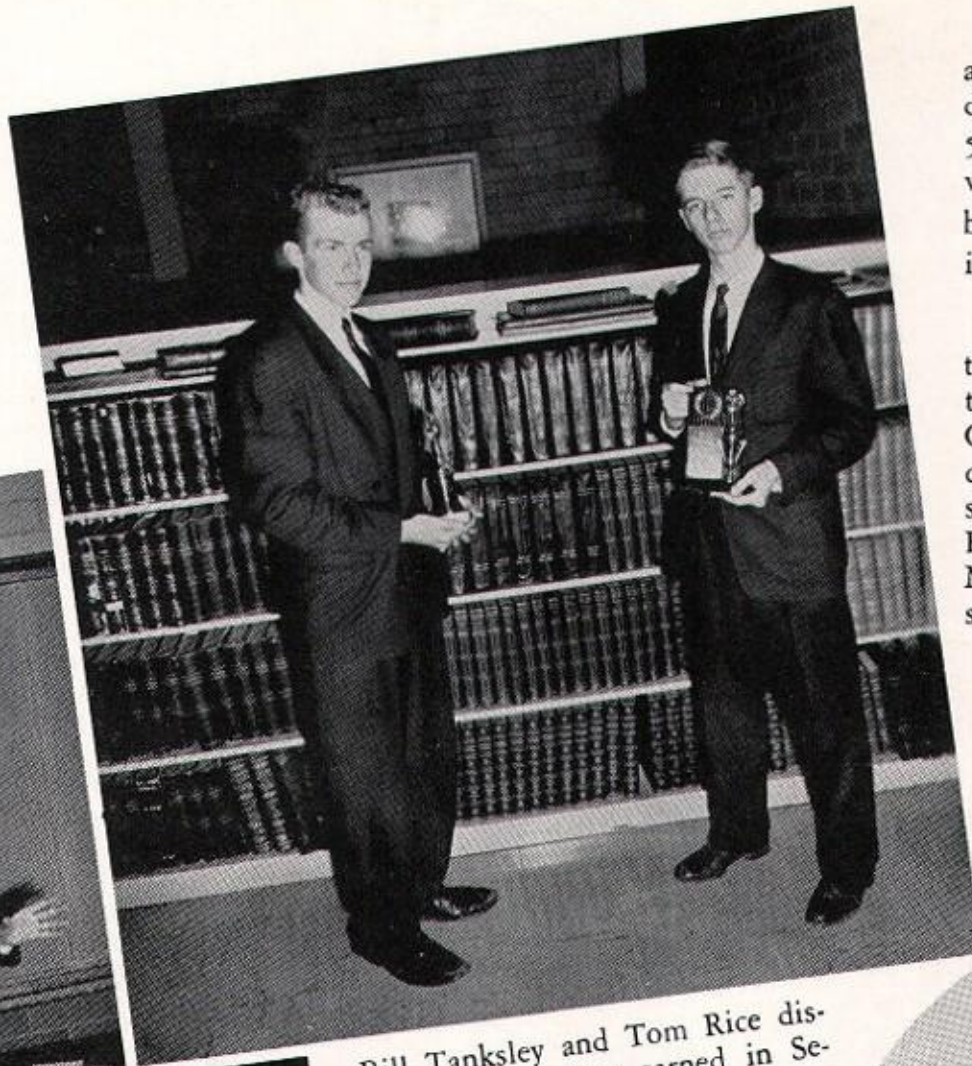

Gonzaga debaters had another busy and successful year. The number of debaters in all four years averaged about 50 during the course of the year. There were 20 fully active freshman debaters; eight active sophomores; 16 juniors; and five senior debaters.

The debate season started off with the Marquette High School debate tournament which was held in early October. There followed in quick succession the beginning of the district series of league debates, in which Tom Rice, Bill Tanksley, Bob Lamp, and Dan Murphy were Gonzaga's regular representatives.

SENIOR DEBATERS. First row: Dan Murphy, Tom McDonnell, Charles Cory, Pat Ford, Tom Connolly. Second row: Joe Sandell, Charles Esposito, Ron Wheatley, John Martell, Bob May. Third row: Tom Rice, Jim Poesl, Ken Semerad, Jim Scott, Grant McLaughlin, Bob Dudek. Fourth row: Bob McNeese, Bill Cullen, Bob Lamp, Jeff Colliton, Bill Tanksley, Tom McKinnon, Clifford Frey, Mike Workland.

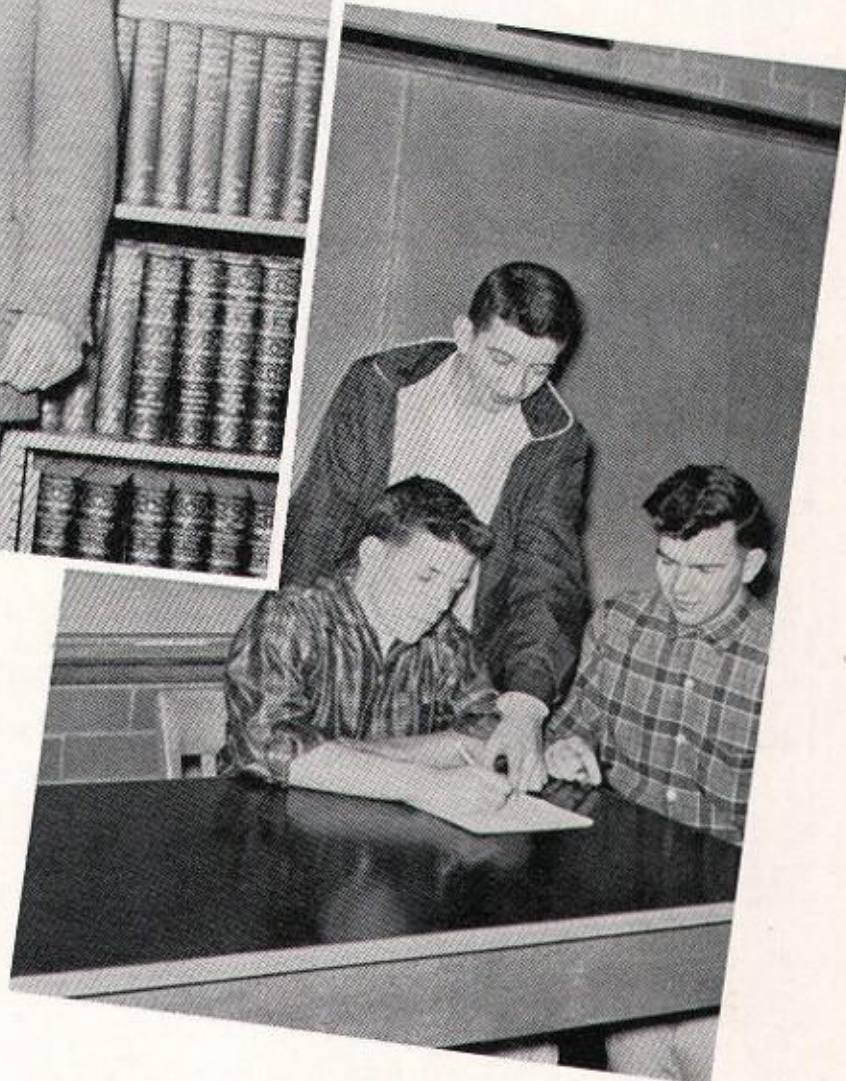

Early in December four debaters attending the Seattle University debate tournament walked home with four awards as superior speakers and two second-place trophies. These debaters were Tom Rice, Bill Tanksley, Dennis Caffrey, and Joe Sandell.

In early February the debaters were again ably represented in the Gonzaga University Tournament, and later in the same month also did well in the College of Puget Sound Tourney held in Tacoma.

All in all, Prep debaters can look over the year's work knowing that they began and concluded a job well done.

TE

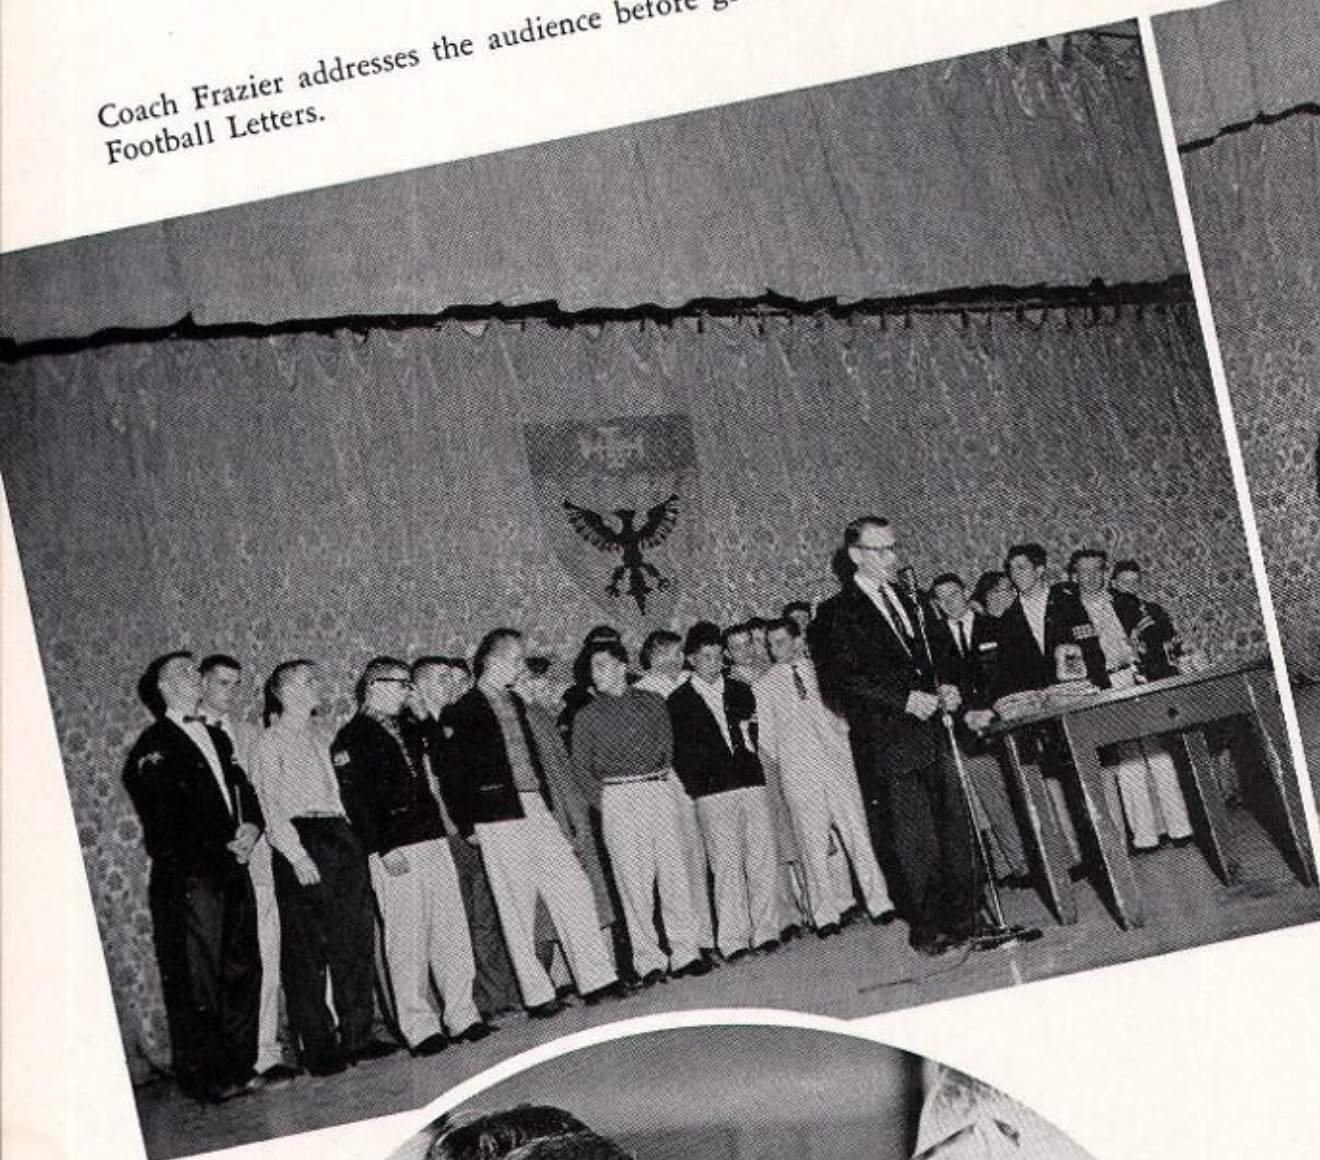

The Junior Debaters also had a successful year in training for the Senior division. They are, first row: Robert Flaherty, Pete Kombol, Len Funk, Bill Flaherty, Fred Silvernail. Second row: Larry Smelser, Rod Plese, Bill Mayo, Dave Durall, Pete Gerber, Pat Hurley. Third row: Dennis Caffrey, Charles Shannon, Pat McCarthy, Norman Rainer, Tom Higgins, Bob Luger. Fourth row: Steve Kuder, Craig Ehlinger, Bob Bruya, Chuck Collins, Herman Rossi, Dave Shikany, Forrest Trembley, Dick Welk, Jay Schille.

Coach Frazier addresses the audience before giving out the Varsity Football Letters.

An added highlight of this year's Gonzaga Night was the presentation of Cross Country Letters by Mister Schlim.

## GONZAGA NIGHT

Karl Ota receives the coveted 1956 inspirational award from Coach Frazier.

The large, enthusiastic crowd is entertained by the Prep band.

Class Marshals for Gonzaga Night were Graig Ehlinger, Frosh; Mike Moran, Sophomores; Jeff Colliton, Juniors; and Jerry Wasson, Seniors.

Ron Crosby, Tom Dean, Dan McCanta, and Harry Denenny are caught during their parts in the Freshman presentation.

Right: Don Agostino delivers the "Big M" commercial on the Senior's Ed Bullpup show.

Below: Dick McGinn, Con Lacey, Tom Lyonnais, and Ed Reilly team up as the "Four G's" to help cinch the award for the Seniors.

Below, right: Dave Thomas, complete with tails, does a Gonzaga Night imitation of Victor Borge.

Gonzaga Prep is a school of traditions. Among these traditions, Gonzaga Night is the most outstanding. This is the highlight of the closing year; the night that Bullpups shine before their parents, teachers, and friends.

Gonzaga Night has grown to be an expected success and this year was no exception as Mr. Baker, S.J., directed everything with smooth finesse.

The revived Prep band under the direction of Mr. Alex Saltman started things off with a jam session air after which the Glee Club presented its song stylings. These two fine groups reappeared during the evening and were received with bounding applause.

Ed Reilly, the grand marshal, introduced the class marshals who spoke on "Gonzaga Spirit" and then introduced their talent. This was all-Gonzaga talent and showed amazing versatility.

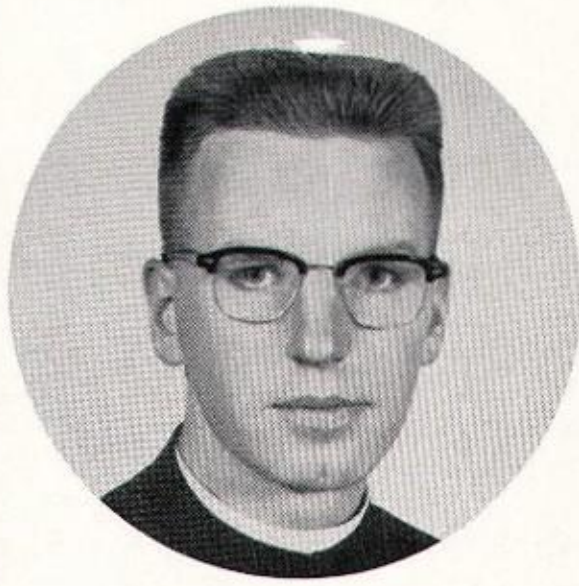

The freshmen put the show onto its best foot by giving a clever old-time flicker movie in one act complete with retakes and black-mustached villain. Mike Burns and Terry Flannery cornered things for the sophomores by offering a duet, a drum solo, and an eccentric ballet-pantomime. The juniors followed with a cutting take-off on "Stalag 17," called "Room 17." The senior's award-winning presentation was a poor second-rate but extremely humorous imitation of the Ed Sullivan Show. Don McNall was "Ed Bullpup" and led the way for his 4-act smash.

The highlight of the evening was the presentation of football letters by coach Bill Frazier and cross-country letters by Mr. Schlim, S.J. Another chapter of Gonzaga tradition was brought to a climax as the Kennelly Inspirational Award for Football was given to Karl Ota by Frazier.

Glee Club in action at the Mass of the Holy Ghost.

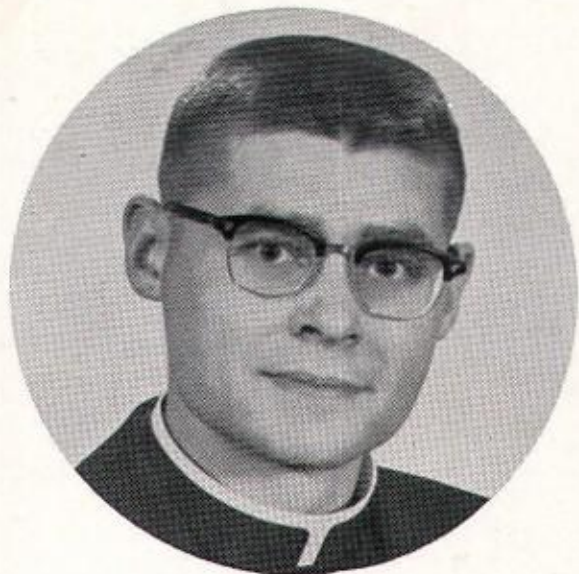

Gonzaga always prides itself in the fine exhibitions put on by the Glee Club. This year is no exception as the songsters were constantly drawing enthusiastic response to their programs.

Mr. James Kaufer, S.J., the new director, who has had several years of specialized vocal training, did much to improve the quality of singing of this year's Glee Club.

First row: Chuck Hill, Bob Somes, Louie Rector, Kenneth Leppell, Dan Jones, Bob Rainer, Terry Gwinn. Second row: Tom Kerley, Mike Shea, Ron Lavoie, Dick Jacobs, Larry Weller, Loren Deranleau, Harry Bright. Attempting a little destruction with the Physics equipment are: Don Agostino, Secretary-Treasurer; Pete Bourbeau, Vice President; and Steve Ronald, President. Very successful!

## SCIENCE CLUB

The Science Club was perhaps the most active organization at Gonzaga Prep this year. Its bi-monthly meetings were the envy of the other clubs due to the precise order and management with which they were conducted and because of the close co-ordination between the moderator, officers, and members.

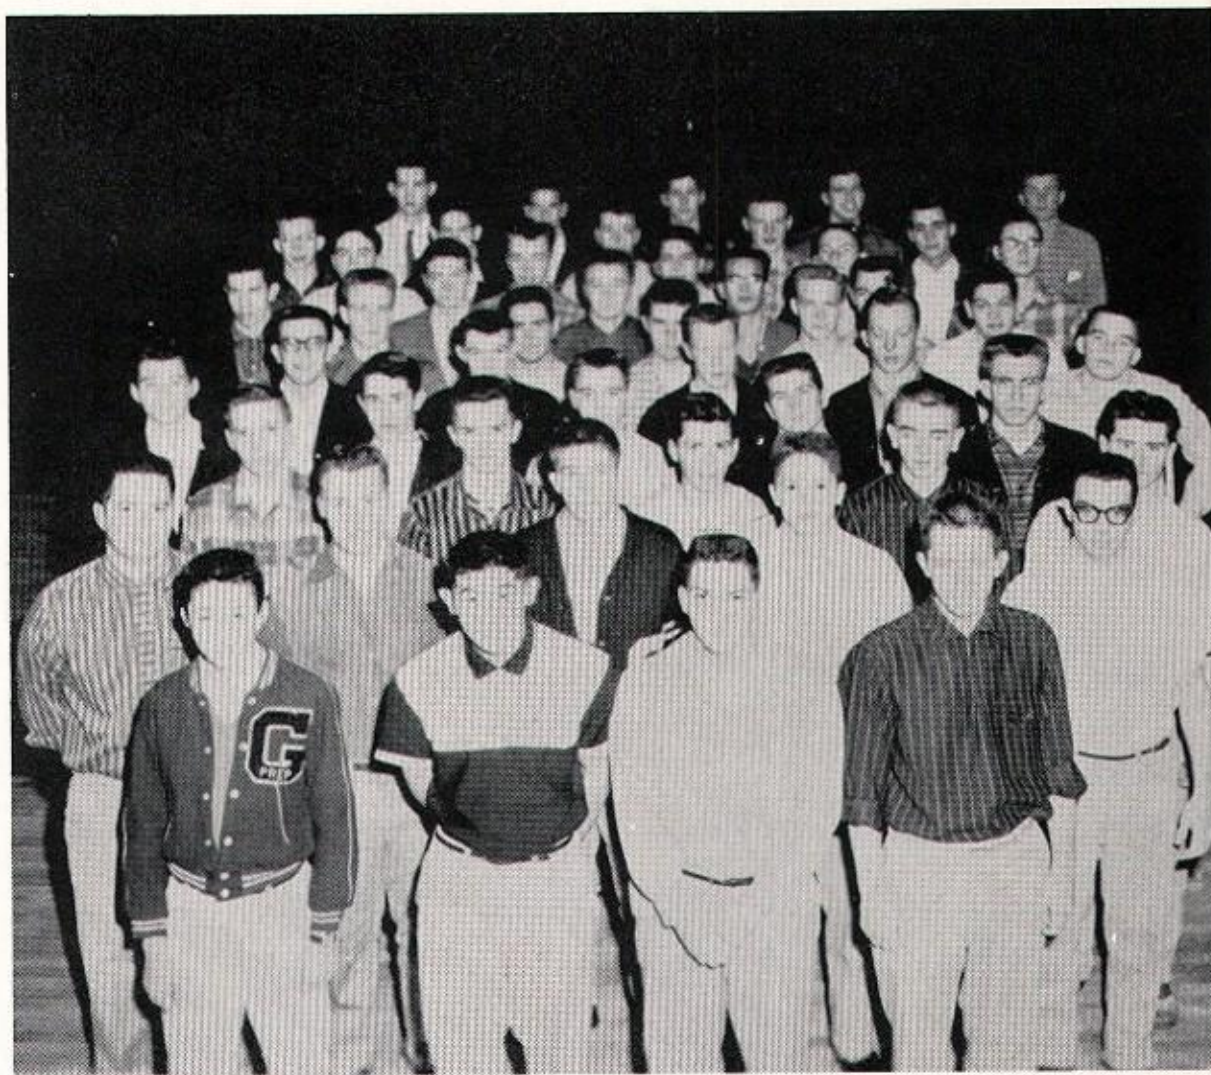

The Science Club was formed to initiate a representative group of Gonzagans into the Pacific Northwest Science Fair and to further educate scientific-prone students at Gonzaga. No previous year has paralleled this group in attaining these goals.

Members showed great variety, ingenuity, workmanship, and creative thinking in their science fair entries. Among the other equally successful activities of the club were the displayed erected in the halls and the educational outings taken by interested members. These include trips to Universities, the aluminum reduction plant, and hydro-electric projects.

## "G" CLUB

"G" CLUB MEMBERS are, first row: Charles Cory, Karl Ota, Bill Destephano, Dennis Cossette. Second row: Mike Murphy, Tom Lyonais, Jim Black, Bill Hare, Don McNall. Third row: Tom Osburn, Mike Riggs, Pete Dean, Dave Rothrock, Bill McGourin. Fourth row: Mike Moran, Vic Maykowskyj, Bill Robinson, Gary Blair, Rod Adams. Ninth row: Bob Erickson, Terry Flannery, Jim Connors, George Luger, Art Schmidt. Tenth row: Jerry Wasson, Don Durall, Brian Boulac, Mike Bowers, Con Lacey. Gonzaga Prep was well represented at the ninth annual Pacific Northwest Press Conference held at Gonzaga University this year. Gonzaga journalists proved to be among the best from the forty schools that sent delegates to the two-day conference.

The awards banquet saw the GONZAGAN win second place in the "A" newspaper division and Prep writers take four individual awards for writing supremacy. Mike Flynn won a first-place in sports reporting, Don Agostino was awarded a first-place in column writing, and Dick McGinn won third-place awards in both of these divisions.

Those attending the conference from Gonzaga were: Bill Hottell, John Mullen, Don Agostino, Dick McGinn, Mike Flynn, Steve Ronald, James E. Murphy, Larry Menegas, Mike Karlsten, Joe McKinnon, Tony Cannon, and Dee Lamp.

# LUIGIAN

## AD STAFF

We, the editors, have tried to inaugurate some new ideas and precedents in this, the 1957 LUIGIAN. We feel as if we have made a gallant step forward with improvements such as the increased size, more complete coverage of the school year, and individual pictures of all students.

You, the student, can well be proud of this book because of the amount of work put into it for only one reason—to represent you. Surely you can imagine the vast amount of editorial work this publication demanded. Not quite so obvious is the feverish activity of both the ad staff and the darkroom workers. Their work has been unjustly obscured and they have received credit for little or none of the time they have spent—for you.

Mr. Conyard, S.J., and the small but competent darkroom staff should be heartily thanked for the fine quality and variety of the pictures in this yearbook. Their many hours were spent developing and printing some fifteen-hundred pictures; the best of which are on these pages. Without these, we would be forced to give a word story instead of the more-desirable picture description of school life.

The ad staff headed by Pete Jacoy deserves the credit for enabling this publication to go to press. They have received little praise for their outstanding work.

We would like to publicly and justly thank these two groups for their part in making this a better LUIGIAN.

The ad staff consisted of: Pete Jacoy, Brady Twohy, Mike Doris, Russ Dean, Pat Codd, Mike Wall, and Dave Shea. Working on patrons were: Jim Murphy, Ed Kupers, Robin Rosauer, Dan Bosse, Pete Kombol, Bob Powers, Dennis Penna.

Mike Cool, Loren Deranleau, and Pete Ehrhardt made up the darkroom staff.

## FOOTBALL

The 1956 edition of Gonzaga Prep's brawny Bullpups, starting the season in top form with a 19-0 victory over Rogers, tapered off during the season and finished the year with a 3-7 record including a loss to Seattle Prep in the final game of the year, Nov. 11.

It was a long tough season which saw the Zag's play some excellent football and also some not-so-good football. It was not a season to complement Coach Frazier's fabulous coaching record, but it was also not a season which anyone should reflect upon with anything but pride. Gonzaga's ball club did not win every game it played, but there was not one time in the entire season when anyone could detect that the team had lost heart or given up trying.

Though they did not march home triumphantly with championships and trophies, Gonzaga's football team was a fitting example of hard-fought, clean, competitive football, and was a credit to its school in every way.

## BASKETBALL

The year 1957 was a great year to remember in basketball for Gonzaga Prep. Rated by nearly everyone as solid favorites for the doormat of the city league at the start of the season, the Blue and White threw up their defensive and rebounding game in everybody's face, and wound up in third place with a creditable 5-5 win-lost record.

Prep dropped the first game of the season to then low-rated Rogers by two points, but failed to impress anybody. But three days later on Monday, Prep met heavily favored North Central, scoffed at their scoring threats, and walked off with a 44-37 win.

The following week the Pups blew the lid off their plans by dropping highly touted West Valley 30-29 in a strictly defensive contest. Gonzaga was not going to be scared by anyone.

Next it was Lewis and Clark, but the superior shooting eye and speed of the Tiger beat off a Gonzaga threat and won 50-41; but Prep came right back the next week and out-pressured Central Valley by two points in the second overtime, 32-30. By now Gonzaga was as feared as any team in the league.

Starting the second half of play with a 3-2 record and holding down third place, the Pups dropped the next two games, to Rogers by two points and to North Central by a 54-47 count. But Prep was soon back on the victory trail, knocking West Valley's title hopes sky high with a 39-35 victory.

The following weeks Prep faced L.C., but the southsiders 5 man scoring punch won out in a 47-32 debacle. But Gonzaga had already helped to prove something big! It is not always the size and power of the team with all the talent that wins all the basketball games. Big favorites like West Valley and L.C. fell among the commons, while Rogers, a sure bet for second division at the start of the season, marched off to state.

However it was the anti-climactic finale in which the Bullpups really showed their stuff. Having lost three out of their last four games, one would think that they might be a little bit "down." But the fire and gutty ball that Prep had survived on all year socked Central Valley between the eyes for a 49-42 victory. Coach John Presley and company put an exclamation point behind their task.

MR. JOHN PRESLEY  
*Coach*

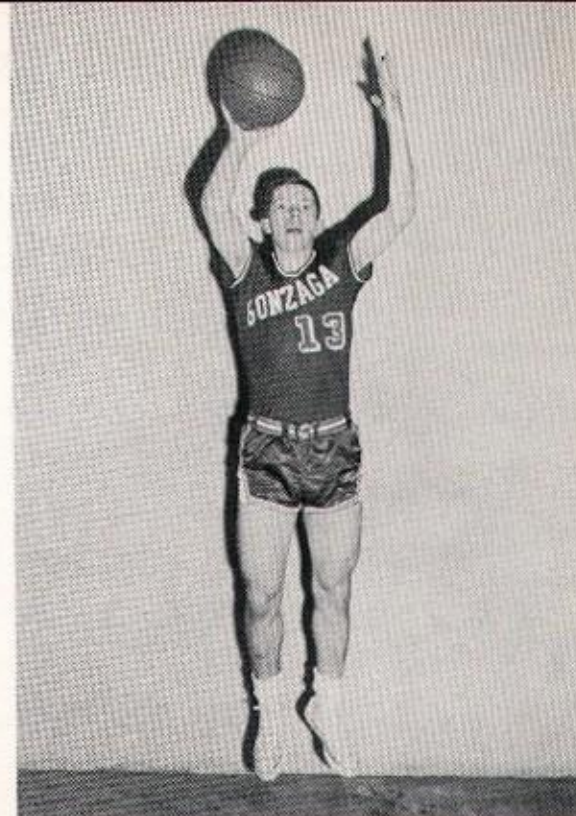

Gonzaga Prep opened the door on the city league schedule against the Rogers Pirates on January 4, losing a see-saw battle, 49-47.

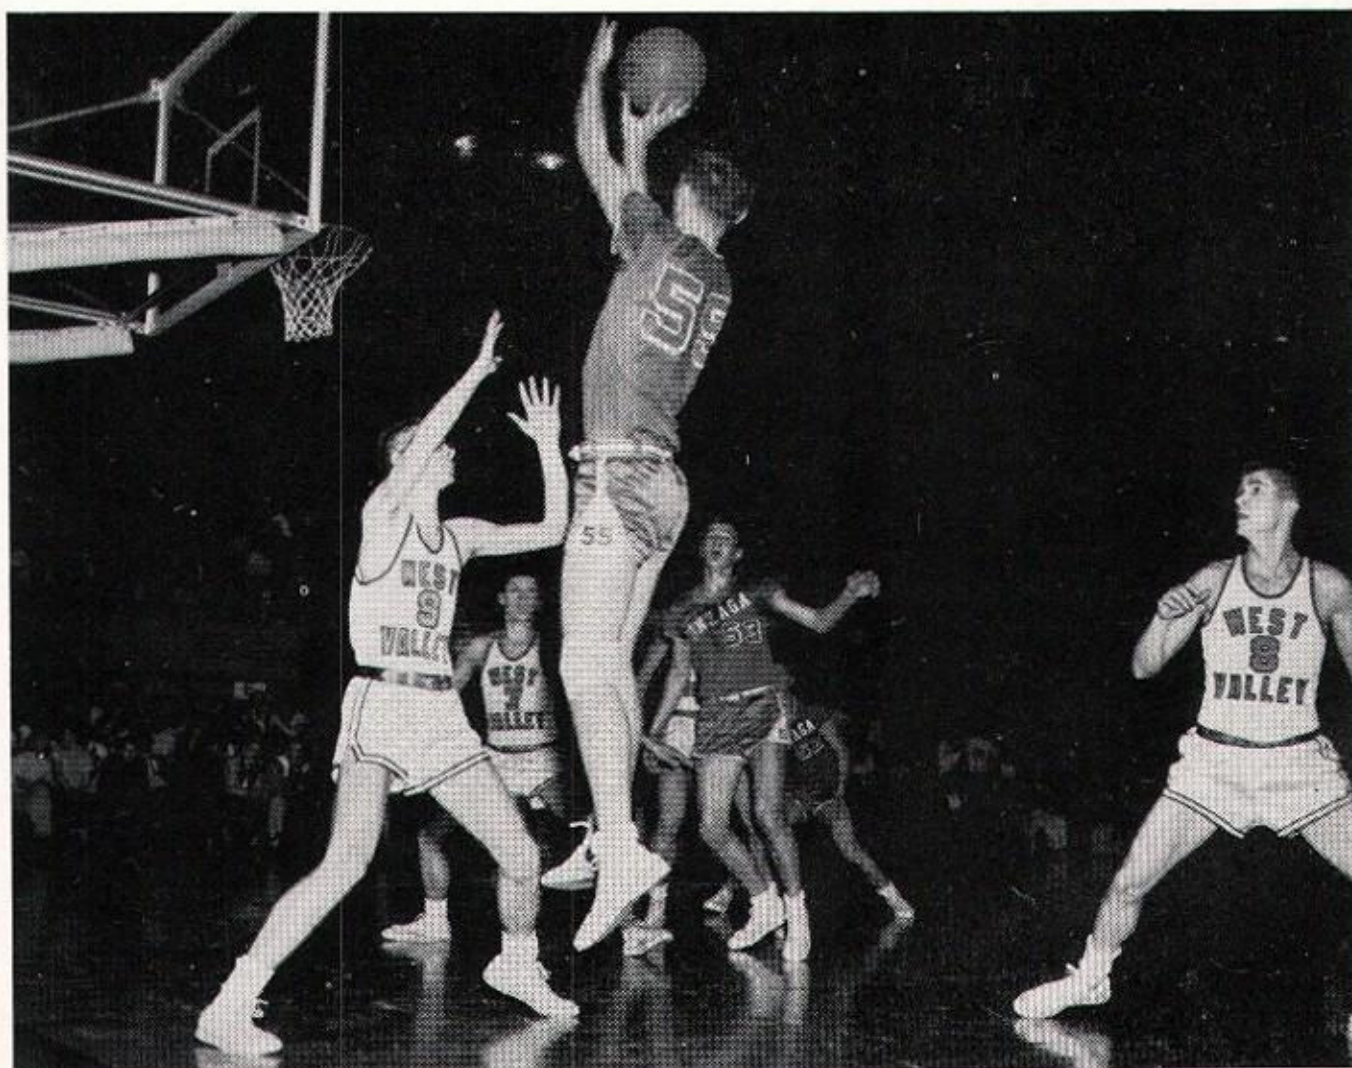

Prep scored seven quick points in the first quarter before Rogers could score. The Pirates caught up by the end of the period, and from there the lead changed several times. With less than a minute to go, Rogers sank four straight free throws to gain a two-point margin. They then froze the ball for the final 20 seconds.

Mike Carl and Fred Marshall, the Zag's two junior "big men" provided most of the thrills. It was Carl's 17 points which led the prep scoring, and together with Marshall's 12, they scored 29 of Prep's 47 points. They both teamed with center Jerry Wasson to dominate the boards for 3 periods.

Center Jerry Wasson made this shot and it proved to be the all-important basket as Gonzaga held West Valley for the final minute to win 30-29.

#### PREP 44—NORTH CENTRAL 37

Coach John Presley's crew pulled the first of three upsets in the coliseum triple-header on Monday, January 14, as they beat the favored North Central Indians, 44-37.

Gonzaga moved out ahead to stay in the third quarter after a low-scoring first half in which both teams were able to score only 11 points. Scoring 21 points to N.C.'s 15 in the period, Prep led by 5 and 7 points from there on and was only challenged once following a flurry of missed baskets by the pups. Mike Carl and Denny Cossette each poured in 11 points in the game, followed by Dennis Johnston with 10 and Jerry Wasson with 8.

Senior guard Denny Johnston was the hero of the hour as he sank a 25 foot set shot in a sudden death second overtime to enable Gonzaga to down Central Valley 32-30 in perhaps the most exciting game of the season.

The Bears from Central Valley checked Prep to 10 points in the first half and led at intermission 20-10. But Gonzaga, who seems to enjoy knocking off favorites in low-scoring contests, held C.V. to a ridiculously low six points in the second half—the lowest by any team this year. Meanwhile the Pups chopped away at the Bear lead and at the end of regular play they had tied the score at 26 all, sending the game into overtime.

In the first overtime each team scored 4 points, and the clock stopped with the score 30 all. Officials then ruled that a sudden death be played, setting the stage for Johnston's one-hander.

#### PREP 36—ROGERS 38

In the second meeting of the two clubs, Gonzaga Prep bowed to John Rogers 38-36 on February 5 in an exact replica of their previous meeting on January 4. High men for Prep were center Jerry Wasson with 9 points and Denny Cossette with Dennis Johnson each grabbing eight.

Gonzaga, one of the best rebounding teams in the league, and perhaps the best defensive team, played well on both accounts, but the game, which could have gone either way at any time, went to Rogers on the "strength" of 2 points. Norm Harding and Art Anderson kept up the pressure for Rogers most of the way as each netted 12 points to lead the scorers.

Mick Carl and Jerry Wasson scramble for a loose ball in the second N.C. game, won by the Indians 54-46. Don Durall netted 15 points and Carl scored 13 to pace the Pups.

#### PREP 39—W.V. 35

Gonzaga Prep's basketball Bullpups played by far their smoothest and sharpest game of the season on February 14 as they knocked highly-rated West Valley out of title contention.

Outhustled, out-rebounded, and outscored, West Valley took it on the chin in their second "upset" loss of the year to the Pups.

On offense it was Captain Denny Cossette with 14 points, Jerry Wasson with 9, and Mick Carl's seven timely counters that broke the Eagle's back. Dennis Johnston got 4, Fred Marshall had 3, and defensive standout Don "Spider" Durall got 2 points.

Center Wasson was all arms as he checked W.V.'s tall threat Gary Huber to a goose egg in the scoring column.

Don Durall shows L. C. scoring ace Charlie Fry some defensive tactics. Fry made this shot, but was held to 3 points by the Junior forward in the second game between the two teams, won by L.C. 47-32. Center Jerry Wasson scored 15 points for Prep in the game.

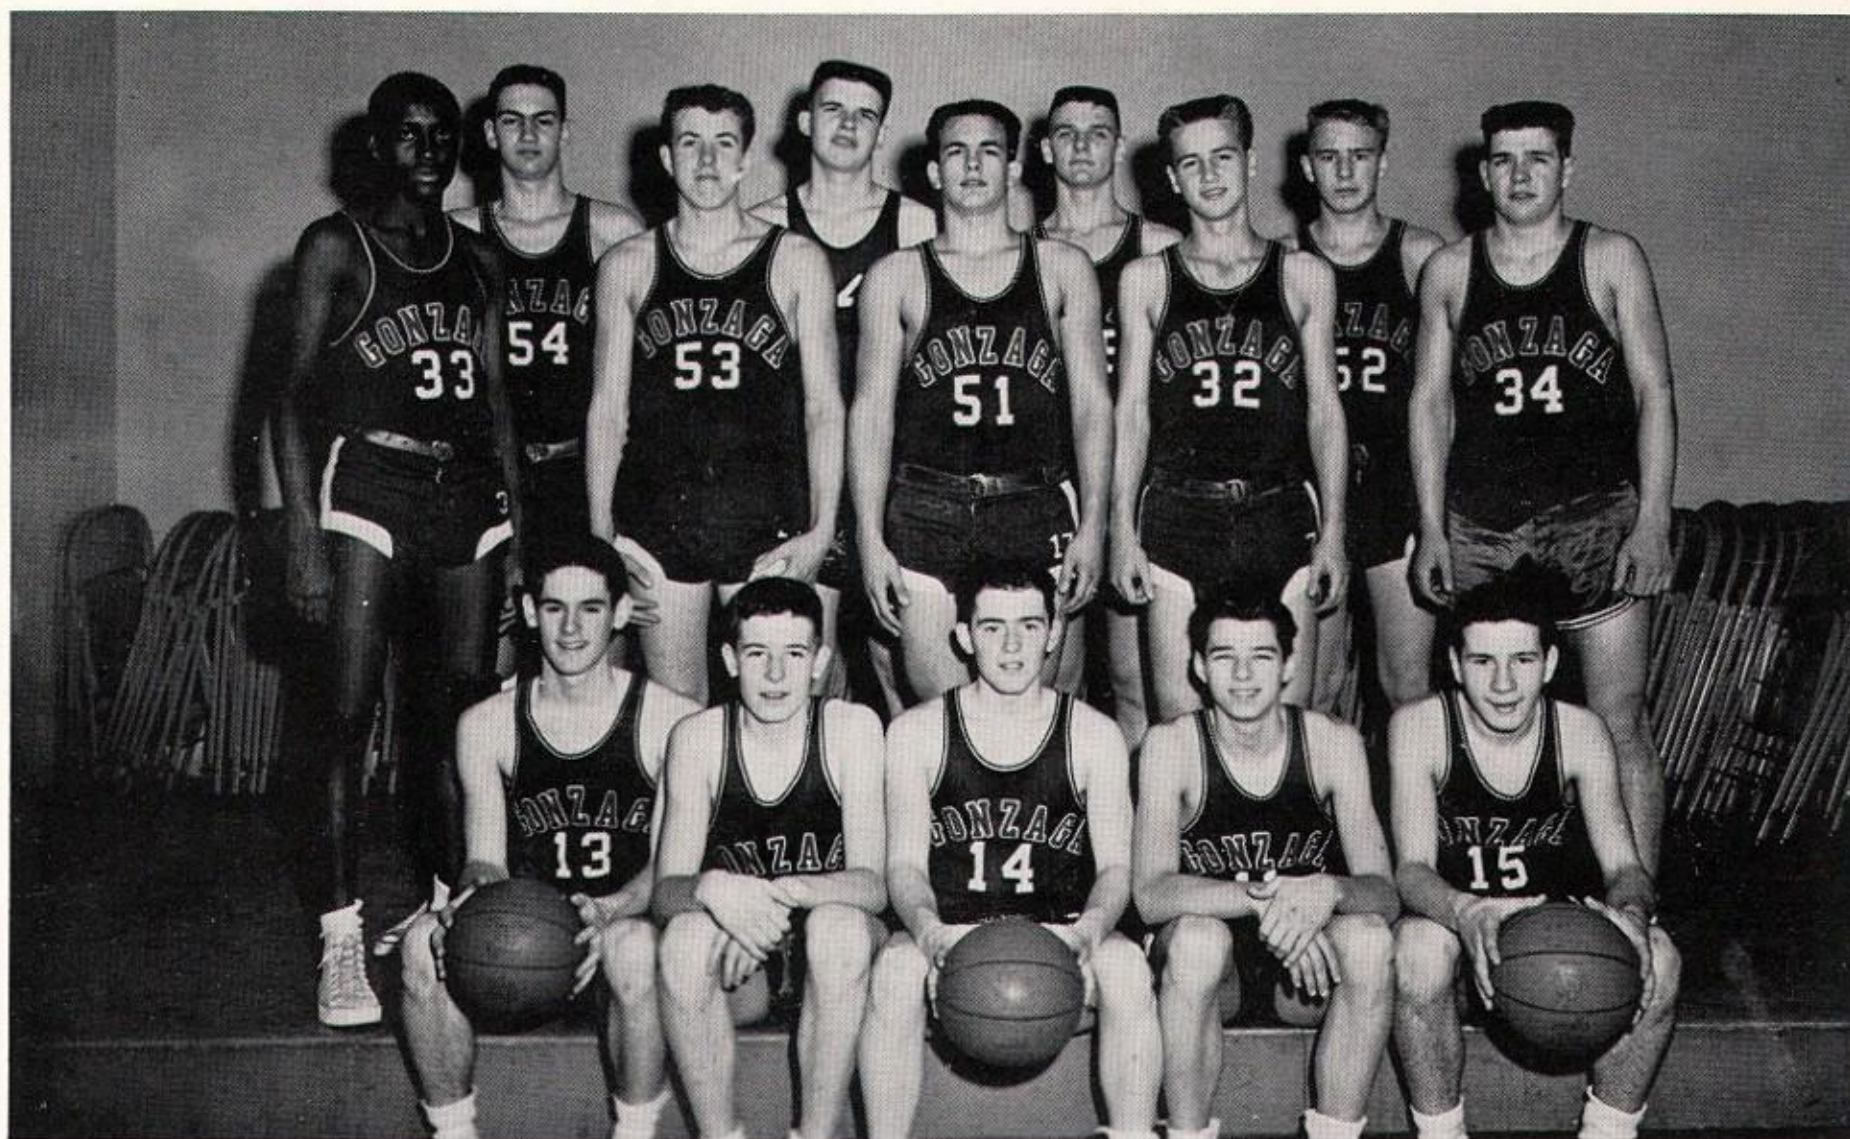

#### PREP 49—C. V 42

Gonzaga Prep wound up a fabulous season in the only fitting way—with another "upset" victory over a heavily favored outfit. This time it was Central Valley who fell to Prep's all-out game, 49-42.

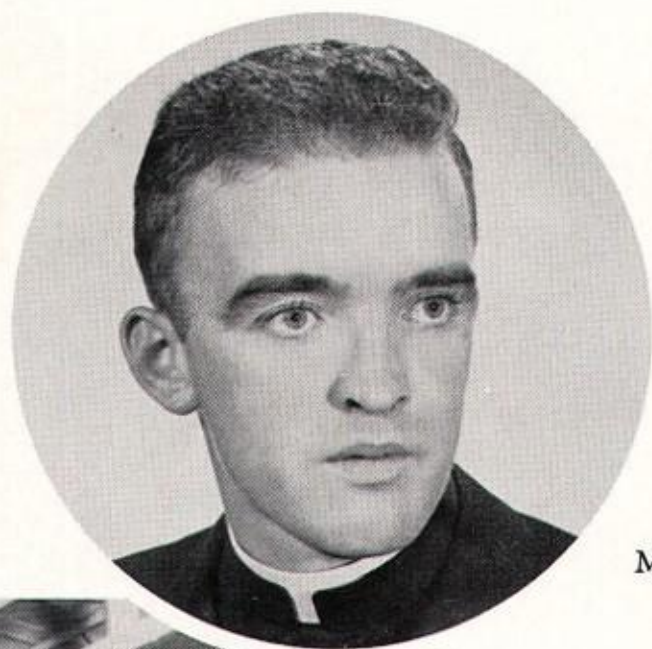

The two teams traded baskets and leads throughout the first half, and Prep, led mainly by Don Durall's masterful defense on high-scoring Stan Rhodes, led at intermission 21-19.

Gonzaga's big men, Jerry Wasson and Fred Marshall carried the offensive load, stuffing tip-ins and jump shots that the befuddled Bears couldn't keep up with. Wasson and Marshall were high for the game with 14 points each, followed by Mick Carl's 10. Durall netted 5 points, Denny Cossette 4 and Denny Johnston 2. The win left Gonzaga in sole possession of third place with a 5-5 record.

Sitting: Terry Flannery, Tom Shine, Jeff Colliton, Mike Moron, Mike Asan. Standing: John Stevens, Jim Perko, Fred Farrell, Dave Ferrier, Pat Pugh, Ed Stahofsky, Denny Olsen, Reg Morey, Dave Schimmels.

## "B" SQUAD

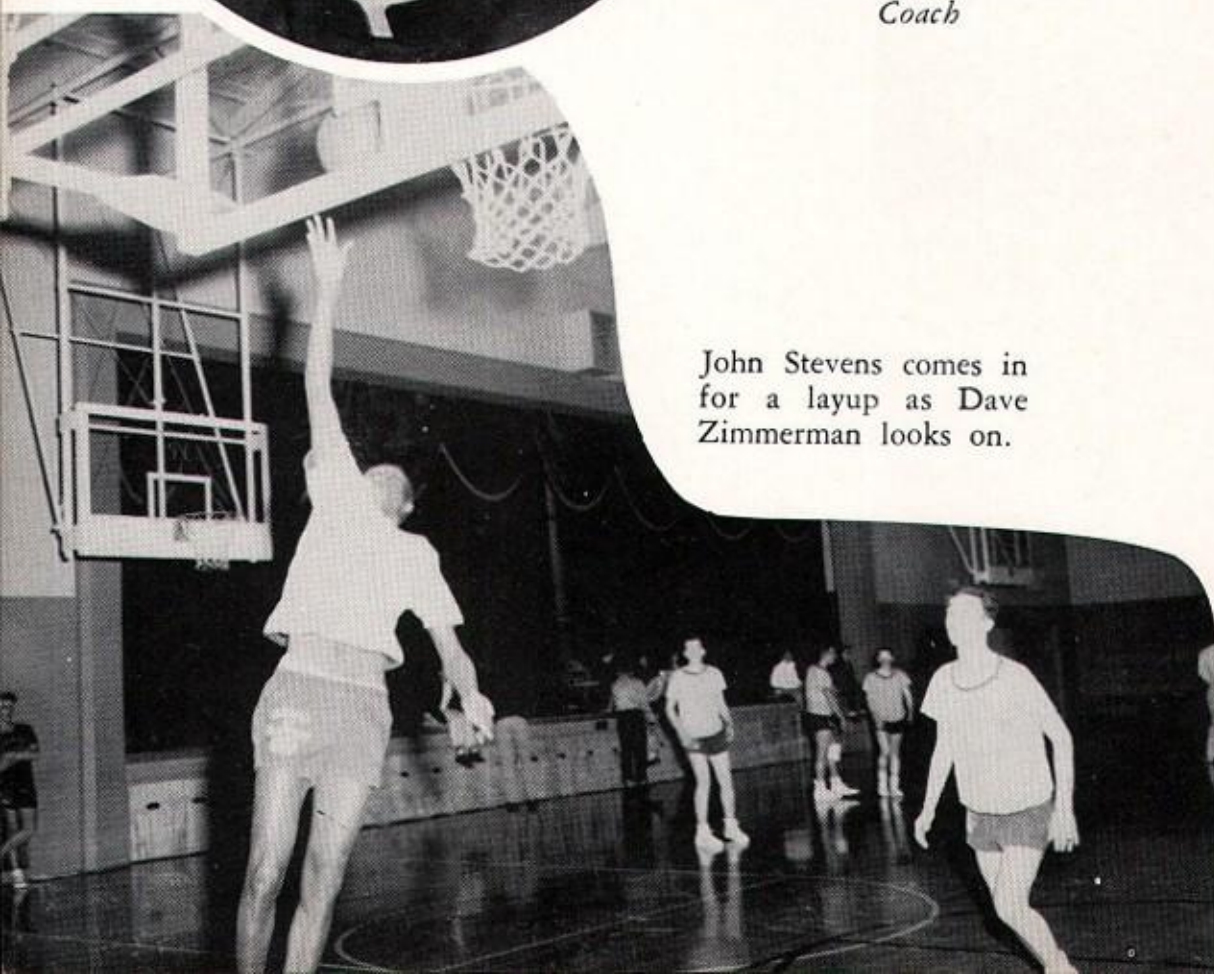

Paced by "Fabulous" Fred Farrell, who tallied more points than any B-squadder in recent history (179), the pupbees whipped through a reasonably successful season.

Farrell opened the season with a ten point splurge and closed with 30 points against Central Valley.

The "Bees" only crushing defeat was a 41 to 72 loss to Tekoa. When the current season got under way the B-squad was a big question mark but had the pessimistic fans cheering at season's end. The reason for this early pessimism was the fact that the players from the previous year's "green" team brought with them a somewhat less than spectacular 3-9 record.

The season ended very well however, and two men, Fred Farrell and Pat Pugh, topped the century mark in scoring. The squad looked like real championship material and deserves a big "well done" for its efforts and those of Mr. Paul Robinson, S.J., their coach.

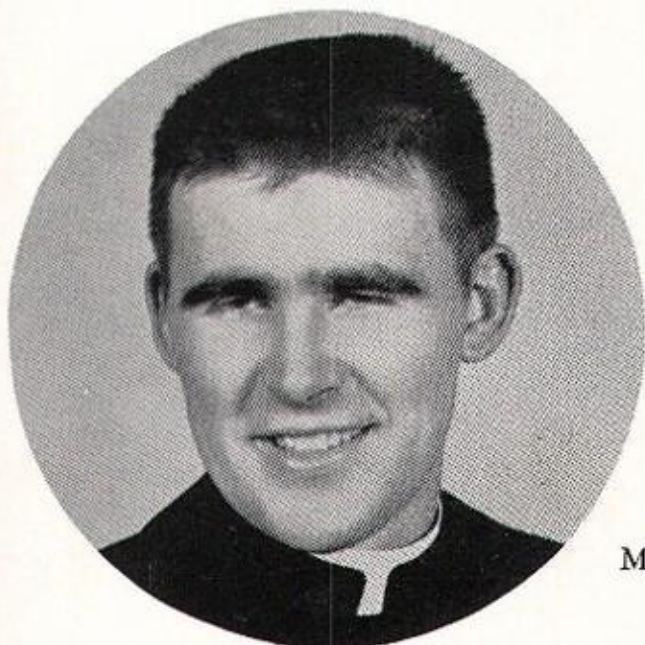

John Stevens comes in for a layup as Dave Zimmerman looks on.

GREENIE CAGERS: Sitting: Jim Old, Alex Woods, Ardie Zimmer, Hank Matthew. Kneeling: Frank Sadler, Bill Welch, Doug Perry, George Asan, Frank Raney, Don Doucet, Doug Ota. Standing: Maurice Flynn, Pat Puthoff, Mike Moran, Bob Luger, Jay Schille, Bob Wagner, Keith Boulac, Steve Shea.

## INTRAMURAL

The intramural program, pushed by Mr. Sullivan, S.J., was the best in years at Gonzaga.

Dividing the schedule into four sections, a team which would be eliminated in the first round would be right back in the championship race in the remaining three rounds. This maintained interest in the program throughout the whole season.

Champions in the intramural league were Room 77, as they had little trouble routing rival rooms. Pete Bourbeau, Con Lacey, Bob Erickson, Mike Bowers, Karl Ota, and Gary Blair made up the top room in the school.

"I feel that we have the nucleus of a good team, perhaps one of the best teams fielded by Gonzaga in recent years; but we need more depth." That was how it was summed up by Gonzaga track coach Don Miller as he looked over his squad during the first few days of workouts at the beginning of the season.

Coach Miller has ten returning lettermen, his "nucleus"—which his team is built around. Solid in "all running races from the dashes through the mile, our boys measure up to any team in the league. However, lack of depth and of strength in the shot put and hurdles put us in an awkward position," Miller said, adding that "this is the kind of team which could lose to a good school in a dual meet, but then make an excellent showing in the tri-district or state meet on our individual standouts."

Returning to do the sprinting is Dennis Morgen, along with Dick Perry and sprint-440 men Pete Bourbeau and Mike Flynn. A standout in either the half-mile or the mile, tri-district champion Don Durrall is a bright spot on the team. Also in the half-mile are Dick McGinn, Larry Flynn, and Dave Rothrock. Jerry Wasson, with a 12 foot pole vault to his credit last year, is perhaps the best vaulter in the city. Back to do the broad jumping are Dick McGinn, Pete Bourbeau and Mike Flynn.

Dan Mogan will be returning to run the hurdles, but he is the only letter-winner in that department. But, as Miller stated, "perhaps by shuffling some of last years sprinters into the hurdles, we may be able to overcome our weakness there."

"If you are going to win anything, in baseball, you have to have pitchers." This was the sentiment of baseball coach Bill Frazier at the start of the 1957 season.

It appeared that a lack of experienced pitchers, and in fact, of a whole team, put coach Frazier in the precarious position of inexperience and development to be contended with in his quest for a betterment of his 9-3 won-lost record of last year.

Three year man Denny Cossette is the lone letterman returning to the diamond. Filing into starting positions will be last years "B" squadders, and Freshmen, and a possible three or even four sophomores may see regular action. As regards pitchers, there seems to be plenty of "good" pitchers but a lack of a really outstanding hurler.

Cossette, who can play practically anywhere and who might even wind up doing the catching, is also one of the best pitchers. Al Snarski, Skip Waller and Jerry Geraghty will make up the mound staff.

First base is wide open to an able sophomore as there seem to be no initial sackers around. At second base, last year's "B" squad regular, Tom Kelly will probably wage a one-man battle for the keystone position, while shortstop may be filled in by another junior, Steve Yedinak. Third base appears wide open. In the outfield, seniors Tom Lyonais, Bill Destefano, junior Bill McGourin, and a host of sophomores will wage a competitive battle for top spots.

Coach Frazier, who has seen some strange things in high school sports, commented that his team "was not too bad off except for the battery," but added that "with a good mental attitude the team may do well."

But win or lose, this seems to be a year of race-bent opportunity for many sophomores and juniors to get their baptism of fire in varsity competition.

## PRINCIPAL'S MESSAGE

There is a constant and laudable urge within each one of us which is trying to push us on and on, up and up until we successfully arrive at the horizon of the Eternal Hills. This fundamental urge is commonly called "ambition";—it is the urge that is constantly prodding us to do our best, not our second best.

It is a noble aspiration and one to be not only fostered but curbed. The faculty to dream was not given to mock us but to spur us on to greater heights. In the pursuit of those heights we must be guided and curbed by the principles learned at Gonzaga Prep.

At the crossroads of life's tomorrow we must maintain the Catholic attitude and the Catholic way of life. In so doing we will achieve the reality behind our dreams and on one glorious day we will rejoice in the Divinity that was woven into the fabric of our lives in the pursuit of our goal. May God bless all of you abundantly.

#### "LITTLE JOE" SELLS MILLIONTH RECORD

"Little Joe" Bartholomew, current rage in the world of Rock 'n Roll, has sold his millionth recording, "The Ballad of Elvis Presley." The record was released three days ago.

Little Joe's recent tour of the United States resulted in riots and thousands of dollars worth of damage done by "rioting" fans. Bartholomew said while being interviewed, "Some of us have it and some of us don't."

#### WASSON NABS STOOL-SPINNING CROWN

Agile Jerry Wasson placed first in the annual Stool-Spinning Derby held at Podunk Flats, Missouri, last Thursday.

The scene of the annual tourney was in Pete Dean's Corner Ice Cream Store. Dennis Kemp, who is the editor of the local newspaper, "The Daily Scoop," is the chief judge of the annual derby.

Kemp said that Wasson, the champion, showed perfect form in this annual sports highlight. All other competition was left standing still as Wasson completed his 100th spin. When questioned about the victory, he attributed his success to a year of hard work, grease, oil and practice spinning.

#### NEW BUSINESS OPENS

A few days ago a new business opened which will be a great addition to the suburb of Hilliard. Robert Abel, a resident of Hilliard opened a combination tavern, bowling alley, bakery, and old ladies rest home. The new business is expected to put Eddie Murphy's beer parlor out of business.

#### 500 MILE CLASSIC OVER

This year's 500 mile Indianapolis championship was won by Jim Ankerson and his high-powered 1937 Hupmobile. Jim has been racing cars since his career began at Gonzaga Prep in 1956. Besides being a famous racer, Mr. Ankerson has a large amount of money tied up in Union Oil, Goodyear Tires, and the General Motor's Corporation. This young man is really going places.

#### PROFESSOR APPOINTED

John Hopkin's University has appointed Dick Perry to succeed his wife as professor of the Home Economics at one of the East's better schools. Dick says that he learned most of what he knows from Mr. James McDonough, S.J., professor of Economics at Gonzaga Prep in Spokane, Washington.

#### FRY TO HEAD BOARD

Stewart Fry has recently been named head of the Washington State Liquor Control Board. Fry's appointment was due to a life-long battle to keep alcoholic beverages in their proper place. "Liquor may be termed a necessary evil, but steps should be taken to make it less necessary," says Fry.

#### KUTTNER ROCKS ALL-STARS

The brutal tackling and ferocious line play of "Dirty" Dave Kuttner led the Detroit Lions to a 54-6 victory over the College All-Stars at Detroit yesterday.

The Collegians, a favorite going into the game, were rocked and socked for the full sixty minutes by the 250 pound lineman. Skip Waller, the Lions' business manager, said Kuttner will receive a salary increase of \$2000 to keep his mind off the offers made by other clubs.

#### BOURBEAU SHINES IN OLYMPICS

The United States can thank one Pete "Pods" Bourbeau for its clean sweep of the 1977 Olympics at Moscow, Russia. The record breaking winner of eighteen events just "wouldn't be beaten" said team coach Larry Flynn.

Bourbeau has made the most brilliant showing in the history of the Olympics, the committee announced.

#### AL SNARSKI JAILED

An accident was reported between two baking company trucks. Al Snarski was charged yesterday with making Division Street a reasonable facsimile of a stock car racing track.

Officers reported that Snarski's truck was first seen chasing a Jacobsen's bakery truck up to 60 mph on the crowded street. It took Snarski about three miles to catch the Jacobsen's truck and another three blocks to run him off the road into Zip's Drive in parking lot. Snarski's excuse was that he and the rival truck driver both had a load of goodies to be delivered to a store and the truck that got there first would receive a seven year contract.

Snarski was awarded the contract.

#### NEW GROCERY BEING BUILT

A new chain of grocery stores was started today by the world famous playboy, Lance LaLone. His chain will be known as the A.B.C. food stores in the South. The store that he is building now in Spokane will be his one-hundred and first food store. The store will be located at Howard and Riverside.

#### PRIMA BALLERINA AT COLISEUM

Lawrence Francois Gamroth will appear tonight at the Coliseum at 8:00 in "The Dying Swan." Gamroth attributes his success as a ballet dancer to the graceful actions he acquired receiving hacks while attending Gonzaga Prep. This widely known dancer will appear one night only and will probably never reappear.

#### GONZAGA GRADS MAKE GOOD

Every member of Gonzaga's '57 alumni has been talking about Jim Ficca's success since he left Gonzaga. In his field he has become a tycoon, an indispensable peg in American business. When any Gonzaga grad meets another on the street, the first thing they say is, "Have you heard about Jim Ficca's success? He's been doorman at the Davenport Hotel for 10 years."

Bob Erickson has been an even greater success than Jim Ficca. Ever since he acquired fame for the golf championships he won at Gonzaga, he has continued in that field as a professional. Just recently he reached the peak of success; he is now caddy to Sammy Snead.

John Feldhausen has always been a rover. He has never been able to settle down. Since high school he has traveled around the world several times and has written of his travels. He has become another Richard Halliburton. Recent reports have it that he is operating a coconut stand in Samoa with Marilyn Monroe as his partner.

Duane Biegler has really come up in the world. He is the busy executive now. Just a few years ago, when his father retired from his business empire, Duane took over. Since then he has been President and General Manager of the Biegler Garage out Valleyway. Steve Ronald is one of few intellectuals. After graduating with all honors from Massachusetts Institute of Technology, he has been special assistant to the president's X-bomb and Inter-Solar Missile Commission. He gave this up because of lack of intellectual stimulus and is now giving refresher courses in chemistry and physics to Father Zender, Father Tonan, and Father Schlim.

#### PHYSICIST DISCOVERS NEW ELEMENT

Denny Morgen, nuclear physicist of the U.S. government, and chem teacher at G.P.S., discovered a new element today which he calls ghibelzdhftd. He says it can be put in the desk and it will pick up the answers out of his book and they will appear on the element. In an interview he commented, "I will never have to use it, but I am willing to sell it for a slightly outrageous price."

#### PARTNERS SHOW SMALL MEN CAN MAKE GOOD

Jim Weller and Stuart Pearson's story is one short of miraculous. These two partners in the used car business are proof that the little man can get into big business.

One of the first things seen on coming into Spokane is a large sign which lights up the western sky. When having sufficiently recovered from the shock of its brilliancy, the sign plainly states "Weller and Pearson Used Cars." Pearson, young and determined, started with a '50 Chev., a '34 Ford, ten dollars and a very used tire. Putting to use their knowledge of better buying and selling methods they had learned at Gonzaga Prep, they sold their original stock for twice what it was worth. They had no kick backs on their shrewd deals. Not that there were no gripes by the purchasers but Weller and Pearson were not anywhere to be found. The money they received from their sales was immediately put to use. Weller and Pearson drove to a city overstocked with used cars and bought a few more, drove them back and sold them for a large profit.

Weller and Pearson are still carrying on this type of buying and selling and are still making millions, millions of soda-crackers. These two men both share a mad hate of money, but love soda crackers. The truth is they're both crazy.

#### WIEBER SUED

The City of Spokane is suing a local real state agency for false advertising. The firm of "Tony Wieber, Incorporated" was accused of stating that their houses were built solid and with the best materials.

The residents of the houses claimed that after one month the furnace, water, lights and plumbing fixtures ceased to work. The claims seem to have sufficient backing, since nine out of ten houses have collapsed after three months of occupation.

#### CONVENTION NEWS

Dale Swaverud, leading cigar store owner, will speak at a convention of cigar store owners in Spokane. This well-known owner of a chain of these stores across the nation will speak on the subject of "Ways to Sell More Cigars." Since Swaverud has profited somewhat from his leadership in this industry, the talk should be quite interesting.

### BARUFFI SIGNED TO ALL-STARS

Coach William Hare completed his squad with the signing of the All-Italian football player, Jerry Baruffi. Baruffi played four years of high school ball at Gonzaga Prep, and then went on to the Lower Institute of Learning for Superior Italians, where he played four years on the varsity and earned the All-Italian team award. He has been signed to fill the right tackle spot on the Italian All-Stars.

### ONE MAN REJECTED

The United States has called out every man to fight for his country. That is they called every man but one, George Batchelor. Batchelor was not able to pass the physical necessary to join the armed forces. So, as a result, he asked to go along as a mascot. This lanky 6'5" ninety-six pound hunk of man is a sterling example of real guts.

### TALL TERRY OUT OF ACTION

Terry O'Day, star center for the Harlem Globetrotters, was taken out of play for the season yesterday. O'Day was laid up with an injured knee which he received during practice. Tall Terry had one thing to say, but we can't quote it because of the censor board governing all newspaper articles.

### SANTA ANITA OPENS LARGE CROWD ON HAND

The 101st running of Santa Anita racetrack started yesterday. A large crowd was on hand to see Spastic III win his first race. This was the 32nd race for this horse, and the only reason he won was because he was the only one running. Spastic, along with his stablemate, Clubfoot, is the property of Frank Lorrman, Tom Lyonnais, Bob McInerney and Bob Pratt. Pat Stowell was the winning jockey.

These men all became giants in this field. They bought a plow horse and worked it up from there. Between Randy Mackenzie and Bill Maloney, the two announcers, they thoroughly confused the whole crowd.

There was some excitement there, besides the racing. Mike Riggs after loudly announcing he was 28, was taken into custody for trying to bet under age. Pat Reilly, the arresting officer, was bitten on the leg by Riggs before he was subdued. Yes, it looks like Santa Anita will have a great season this year, judging by its first showing.

### CROWLEY NAMED HEAD

Dr. Thomas Crowley, Ph.D., D.D.S., M.D., B.S., was recently named head of Spokane's new mental hospital.

Dr. Crowley and his assistant, Dr. Thomas Clark, will take over their duties as soon as they are released from Eastern State Mental Hospital.

Many people will remember Crowley as the janitor on the fourth floor of Sacred Heart Hospital, where he also served his internship. The board of directors decided that he wasn't good for anything else and he had to do something for his keep.

Dr. Clark hasn't been around lately because of an income tax evasion charge that he was serving on McNeil Island. Before that he served his duty, after four years of unsuccessful draft dodging, as a garbage grinder on a destroyer.

### NEW THEORY REVEALED

Word has been received from the Bellvue Sanitarium in New York that Doctor Michael Dale, the country's number one psychiatrist along with Dennis Cossette, Star Guard of the Fort Wayne Rockets, have expounded a new theory of basketball.

Cossette and Dale have worked for ten years on this idea since first coming to Bellvue. Instead of using conventional equipment, they propose to use square basketballs with a curved floor.

Dr. Dale says that it is possible, according to all existing laws of science (and a few that he made up himself) to play this game.

To manufacture equipment for this game, a new company must be formed. Cossette and Dale have contacted two of their friends, Bill Destefano and Jim Black, along with an unknown accomplice addressed only as "Pinky." He will head the company.

Cossette and Dale both agree that to manufacture crazy equipment you need crazy people. Destefano and Black are as crazy a pair as you can find.

They both have enviable records, each about as long as your arm. Dale and Cossette are the only two people in the United States who have a golden plaque from the S.F.T.P.A.E.O.P.I.T.J. A.P.O.T.C.U.S.O.A. In case some of you illiterates haven't heard of his organization, it is called the society for the Preservation and Encouragement of Prisoners in the Jails and Penitentiaries of the Continental United States of America.

### SUPERMARKET RISING

Workmen are busy putting the finishing touches on a new Safeway Store in Juneau, Alaska.

The idea of a Supermarket in the frozen North America was a creation from the clever mind of Clyde Ries, former resident of Spokane, Washington. When asked how he attempted to please the Eskimo consumer, Clyde replies, "In this store we have the latest comforts, air conditioning set at 50° below zero, and a complete stock of walrus meat and frozen fish eyes.

He filed a charge against Meloche. Meloche claimed that McTighe failed to signal for a "stop" when he stopped for a red light. Witnesses said that McTighe had been at the stop light for three minutes before Meloche hit him.

### BRUCE HOPKINS BREAKS TRADITION

He is also very well-known for his designing of the Schwinn X033, a very popular bike which everybody is riding nowadays.

### JOHNSTON SETS RECORD; NEWSMAN INJURED

Jumpy Denny Johnston had Spokane in an uproar last week when he was setting a new record for bouncing on a pogo stick.

Johnston traveled across Spokane 18 times for a new all time record. This fete took him four days but he says it was well worth it. Each time Johnston passed through his home grounds of Hillyard he was greeted with resounding applause and encouraging cheers.

One apparently small incident during this pogo trek was overlooked by nearly everyone. On his 17th run across the city, Johnston, weary-eyed and emotionally aroused, brutally ran down a newsman on the corner of Trent and Bernard. The newsman was Larry Jurdy. Jurdy sadly lamented the hour he was dragged away to the hospital, for he had not left his newsstand for 24 years, which time he spent building it up to the finest stand in downtown Spokane.

### LAVOIE ARRIVES IN UNITED STATES

Ron Lavoie, noted for his daring design of women's apparel, arrived in New York today from Paris with his latest creation called "Nearly Nothing."

Lavoie has been secretly working with Paris models since he was a junior in high school, and is the creator of the revealing Fingerless Glove. When interviewed he had this to say, "I believe that by exposing the women's fingers to the public they will be forced into keeping their nails clean, which will lead to better health conditions."

### McNALL OPENS STORE

Don McNall, well known clothier in the Inland Empire, has opened a third store featuring articles for the extra tall man.

McNall, who got his start by buying the entire stock of Ralph's back in 1956, had this to say, "All my life I knew there was a market for over-sized clothes because everything I bought for myself was too big."

### STANEK WINS SPORTS CAR CLASSIC

Larry Stanek was awarded the gold medal for driving his Maytag-powered sports car to a first place victory in the annual sports car race held at Deer Park. The car was the only one running in the no cubic inch class. The lack of competition did not discourage him. Stanek's time was three hours a lap or  $\frac{1}{2}$  mph.

### IT SEEMS OBVIOUS

George Tolar, only unauthorized dealer for LaSalle cars, yesterday voiced a complaint to his company. The complaint is the same that has been made by LaSalle dealers all over the country. It seems that the lack of cars produced by the company which folded in 1941, has brought about a shortage of stock.

### VALLEY NAMED ATHLETE OF THE YEAR

He assumed his responsibilities immediately by telling the Central Committee the biggest whopper yet.

### PREMIERE DRAWS RECORD CROWD

The latest picture of Conley Lacey, world famous actor and playboy, opened at Ota's Japanese Theatre, last night—Well, to tell the truth, it was 2:30 A.M. Among the many famous people were: Fred Broschet, who arrived in a pink Volkswagen with his quintet of trained seals. "Fingers" Frank Brown, notorious underworld czar, arrived in a light green tuxedo. Anthony Cannon, the right arm of "Fingers" came with his boss to protect him. Tom Crowley and Bill Doree were seen fighting for the best place to sell pencils as the crowd started arriving.

Ed Doucet, star baseball player of the Scranton Sand Hogs, arrived in his baseball clothes. Karl Ota, the owner of the place didn't mind at first but later on became quite peeved when he cleated on the hand of Del Engelhard, the mason, who was working on the cement slab.

The Four Misfits, a singing quartet just starting out, appeared for a short time before they got run out. Their names are John Frossard, Robert Giese, Bob Halvorson and Wayne Stolz. Jake Harder, the nation's number one wheat rancher, was in his cowboy chaps and sported a Red Ryder B.B. gun. Henry Hiller, Jerry Ignace, Pat Johnson and Vincent Knoll were in sight of everybody. Yes, all of these well-to-do businessmen were replacing the burnt-out bulbs in the marquee.

Ed Reilly, Mayor of Los Angeles, was there, along with Art Schmidt, his second-in-command. Both men drove up in a 23 foot long Cadillac. Dick Mauro was their chauffeur.

Although there was a large crowd, the picture was a flop.

### EMILY POST FAN CLUB NEWS

The Emily Post Fan Club, which had its start in Gonzaga Prep in 1955, has recently spread to a world-wide organization and is threatening to revamp American culture and customs.

Since Don Agostino has taken over the reign of the club, it has grown to uncontrollable proportions. Don, whose wife is a drunkard and champion woman weightlifter, was asked about the touchy situation of the club. Don managed to mutter past his four-day-old cigar and out of his deformed mouth, "What, me worry?"

According to the club's officers, the new etiquette craze is doing America some good. The idol of the club is Emily Post, who at the age of 121, refuses to die until she has found a socially graceful way to make a dramatic exit.

Dick McGinn, the gifted toenail polisher and machine shop inspector is now working with Emily Post Fan Club staff to bring higher living standards and morals to unfortunate social misfits (tramps). Dick says, "I want papered boxcars and TV in all big jungles."

Cliff "Skip" Gosselin, with the recognition of the club, has recently published a 48 volume edition on "Good Grooming from the Ears on Up." Skip admits that he can't write and that the books are a literary flop, but is quick to add that the 48 embryo llama skin covered books look real sharp on any book shelf.

Dick Fox has been downright lousy as head of scientific etiquette, but, explains Bob Driggs, the personal arranger and combination janitor, floorwalker, and bouncer; "Poor Dick needs the job and money. He has the dreaded Black Plague and needs the practice he gets so he can be a social success."

The latest effort of the club was to take a typical down-and-out and make him president of the Used Bottle Collecting Association. The success of this work is doubtful since Ed Santa Rosa was chosen and is showing little promise in his new-found job.

### FAMOUS DENTIST MAKES DISCOVERY

Dr. Thomas Miller, famous Spokane dentist, has made a discovery that may revolutionize the antiquated form of removing teeth. Dr. Miller's discovery is a liquid solution that need only be applied to the bad tooth, and within moments the tooth will have disintegrated. ### BOUNCER QUELLS RIOT

A riot in the Famous Gold Nuggett Tavern was put down last night by the husky bouncer, Dick Mauro. Both men are now being held in the county jail on suspicion of disturbing the peace.

## AN ACKNOWLEDGEMENT . . .

. . . To Mr. Joseph Cassidy, S.J., Moderator, for keeping us on the job and seeing this book to press in spite of our many difficulties.

. . . To Mr. James Conyard, S.J., school photographer, who deserves the credit for the majority of the pictures on these pages.

. . . To Mr. Joseph Laudwein, S.J., who spent many hours on the unprecedented artwork in this book.

. . . To Mr. Fred Des Islets, commercial photographer, for his splendid cooperation in photography.

. . . To the office staff, especially Mrs. Margaret Miller, for their interest and indispensable assistance.

. . . To all the members of the faculty and the student body whose aliveness at studies and sports have made this a year worthy of a better LUIGIAN.
